Session 4 - Has the Church replaced Israel?

Have you ever wondered whether Israel is still relevant in this current age? Is God finished with Israel or is there still an ultimate plan for the Jewish people? When Paul said, “There is no longer Jew nor Gentile or male or female” what did he mean? Why do our own apocalyptic writings talk about Israel and a new Jerusalem? Who really owns the land and how much? If any or other questions like these have been on your mind at any stage then now is the time to be informed and have the opportunity to ask questions of someone who would be regarded with extensive knowledge on the subject. Through his study, research and experiences Fraser Harding will help you understand a biblical and balanced approach to this sometimes-divisive topic. The full program & times will be sent to you after registration is received.
