Embracing Neurodiversity

1 Corinthians 12:16

But, in fact, God has placed the parts in the body, every one of them, just as he wanted them to be.

Some forms of neurodiversity:

- Autism Spectrum Disorder
- ADHD
- Sensory Processing Disorder
- Dyslexia, Dysgraphia
- Tourettes

Ephesians 4:16

He makes the whole body fit together perfectly. As each part does its own special work, it helps the other parts grow, so that the whole body is healthy and growing and full of love.
